General Range Commands:

The following commands are provided, along with their purpose and description of the action, that should result. All commands are given by a designated Range or safety official, except for cease-fire or miss-fire. A cease-fire can be called by anyone detecting any unsafe situation. In the event of a miss-fire, the shooter experiencing the difficulty should alert the Range Safety Officer immediately. If a Range Officer is not present, shooting participants should mutually designate a person to perform the function.

Commands and their Actions

- a. Command: cease-fire

Purpose: To stop all shooting routinely, or in the case of an emergency stop shooting and wait for instructions from Range Safety Officer.

- b. Command: Miss-fire

Purpose: To notify the Range Officer that a round did not fire and to alert others, that a hazardous condition may exist. The shooter keeps firearm pointed down range with finger off the trigger and waits for instructions from the Range Safety Officer.

Preparing the Range For Live Fire

- a. Command: Load or Load and make ready.
Purpose: To notify Participants that they can load the prescribed number of rounds.
- b. Command: Is the line ready.
Purpose: To determine that the shooters are ready.
- c. Command: Ready on the Left and Ready on the Right
Purpose: to declare that the shooters on both sides of the firing line are ready.
- d. Command: Ready on the firing line.
Purpose: to alert shooters that the range is about to be under live fire.
- e. Command: Commence Firing.
Purpose: to declare that the range is open for live fire.

Firing Period:

Firing shall continue until a predetermined time period has lapsed or until all shooters have completed course of fire.

To stop firing and declare the range is safe: a command you have (X)number of minutes left to complete the course of fire or shooters fire your remaining rounds.

Its purpose to alert shooters that a general cease-fire is about to be called.

- f. Command: Cease-fire:
Purpose: to stop all firing.

- g. Drop magazines, slides back, cylinders open, show clear, make safe.
- h. Command: Snap caps (Muzzle Loaders Only).
Purpose: to assure the flash hole is open and barrel is open and clear of all material that could cause a hang fire. It can also be used to determine if all guns are unloaded.
- i. Command: Range is Clear.
- j. Purpose: To alert all shooters that travel beyond the firing line, for the purpose of target change or retrieval. The removal of brass and trash is approved.

General Knowledge:

All shooters must wear eye and hearing protection at all times. When on firing line or in the ready area and assembly area. Failure to obey rule, shooter will be disqualified and escorted off the range.

Parameter Safety of Range

Signs are to be posted every 100 ft. around all ranges, stating Shooting Range Keep out. Signs are to be 12"X 18" or larger with 6" letters, color of letters Red or florescent Orange on White Back Ground, or Safety Yellow on Black Back Ground.
