Dave Foster and Rob Bahr are working on trimming trees on the edge of the trap range to assist in the lead abatement.

### **New Business:**

#### 1. Meeting with Attorneys

Chris Rodgers, Ken Pullins, and Tony Simaz met with the attorney

2. Mandy Brandonisio gave her notice that she will be stepping down as treasurer at the end of the year. Discussion ensued as to how to move forward finding a replacement. Some of the options are:

- Having a CPA reviewing the books and assisting a new treasurer
- Posting on Facebook that we need a treasurer and putting up signs at the club
- Paul Adams suggested to put the financials on quick books and have an accountant review quarterly they are cheaper than a CPA

- Requiring two signatures for any purchases over \$200.00. (President and Treasurer).
- Having the Board approve any bills over a certain amount before being paid.

### **Treasure Report:**

Mandy Brandonisio distributed the treasure reports. She stated that the summer taxes are due in September; the amount is \$513.39 and \$119.19 a total of \$632.58. There are two bills because a small piece of the property is separate from the rest of the property. Mandy stated that the regular bills are: Clays (every 3 months) \$650.00, Cleaning \$100.00, AT&T \$81.00, Best Way Disposal \$70.00, I&M \$137.00. Auto Owners Insurance \$235.75.

### **Facilities:**

Chris Rodgers informed the Board that the only thing left to finish on the entry way is the ice shield protection and the steel roofing. It is estimated to cost \$350.00 - \$429.00, we will have to wait a few weeks to afford it. Ken Pullins stated we could ask for donations toward this project. Chris is working on finishing the drains.

Chris stated that he spoke to Rose Pest Control. They are willing to give a small discount to come out to help control the mice in the building. They service the FOP building and are coming this direction it would be convenient for them to service the CRGC on the same day. The initial cost is \$140.00 to put out the bait stations and then they will maintain them for \$40.00 a month. Char and Tom Renner gave a donation to cover the initial cost. This will be help keep the club cleaner and sanitary.

**Motion to approve contracting with Rose Pest Control by Ken Pullins, seconded by Terry Coleman. Motion carried.**

### **Trap:**

Dave Foster stated that there has been a good turnout for trap. "Trap one" failed during Thursday's trap and Rob and Dave worked on it and at the moment it is working. We need to repair or buy a new one eventually. Ken Pullins will go and pick up more clays.

### **Archery:**

Rob Bahr is working on keeping the archery course open and cleaned up. Rob asked if he could organize having a tent at Glad Peach Festival to hand out fliers to advertise the Archery Range. Dave stated that archery displays were always a big hit. Maybe give away a free round shooting the archery course. Larry asked if a handicap access could be added. Dave stated it could be possible in the future.

**Open Discussion:**

Dave Foster stated that he knows someone who is working on a handicap target for the pistol range. He said we will make accommodations for anyone needing help. Chris stated that is why we need the attorney's help so we can update the range for handicap accessibility.

Paul Adams stated that he is frustrated; he feels that the Board is not doing enough to monitor whether or not instructors have a valid up to date license and teach up to NRA standards. Heated discussion ensued; points were brought up that CRGC offers the facility to members who teach classes; It is the instructors responsibility for the organization of classes, collection of fees, advertisements, etc. Chris requested Paul to provide information from the NRA and will be discussed further at a later date.
