

# **Coloma Rod and Gun Club Minutes**

## **June 12, 2017**

**Attendance:** Dave Foster, Mandy Brandonisio, Terry Coleman,  
Bill Hatfield

**Recording Secretary:** Kim Rodgers

**Members at Large:** Ron Franks, Sam & Brenda Halliburton,  
Paul Adam, Andrew Zachary, Brooks Bouwkamp,  
Bob Crowder, Craig Glass, Mark Sanders, Ed Stover

The June 12<sup>th</sup>, 2017 meeting was brought to order by Dave Foster with the pledge of allegiance.

**The May 8<sup>th</sup>, 2017 minutes were reviewed. Motion by Mandy Brandonisio to approve the May 8<sup>th</sup> minutes, seconded by Dave Foster. Motion carried.**

### **Old Business:**

1. Turkey Dinner:

Dave Foster stated that the Turkey Dinner was a success, the goal is to break even not necessarily to make money but to promote the Club in a positive manner. \$841.25 was paid to Rogers for the food, \$202.50 to miscellaneous (coolers, drinks etc.), \$125.00 for the tent, a total of \$1,168.75. This left an \$85.00 profit.

2. Garage Sale:

Mandy Brandonisio and Terry Coleman stated that the garage sale was a success. The profit was \$229.60. Next year a decision will be made as to whether or not its worth the time and work for only slightly over \$200.

3. Michigan United Conservation Club (MUCC):

Mandy Brandonisio stated that no progress made on having a representative from MUCC to do a presentation to the Board.

4. Web site and Facebook

Dave Foster stated that Kim is keeping the “events” on Facebook up to date and putting them on the website calendar.

### **New Business:**

Terry Coleman informed the Board that she received 20 new members which brings the total to 261 memberships for 2017.

### **Treasure Report:**

Mandy Brandonisio distributed the Treasure Report to the Board which shows what was paid and deposited through the month of May. The total balances for the following funds are: Kitchen \$3,531.20, General Fund \$1,355.44, Tips \$93.68, Playground \$59.01.

### **Kitchen Report:**

Mandy distributed a list of what items sold at the Sunday morning breakfast. This is important to keep track of the most popular items. The average revenue from the breakfast for May there were only two Sundays one was \$252.50 the other was \$157.00 with a total for the month of 409.50. This is because the kitchen was closed on Sunday May 14<sup>th</sup> for Mother's Day and Sunday May 28<sup>th</sup> for Memorial Day. Next year, it was suggested that the kitchen be open for Mother's Day and the men cook, and on Father's Day have the women cook.

### **Facilities:**

Dave Foster stated that Chris is working on the front covered entry. Jerry Street finished the duct work inside the Club. There is also an endless amount of mowing on the grounds to keep up with. Chris Rodgers needs volunteers to help transport playground equipment from the old Washington Elementary to be used for the playground at the Club. We will then have to look into mulch for the playground.

### **Trap:**

Dave Foster stated that Trap and Calcutta is doing well, a lot of new members are interested. The last Calcutta the Club made \$400.00. Dave received many compliments on the Calcutta's.

### **Archery:**

Dave stated that the archery range is open. 25 to 50 guys at cook are interested in the course. Chris salvaged wood to make an elevated stand for the course.

## **Open Discussion:**

### 1. Club Picnic

Dave Foster reminded the members that the dates for the Club picnic will be July 22<sup>nd</sup> and a rain date of July 29<sup>th</sup>. It will be a pot luck on Saturday and then enjoy the breakfast on Sunday. Dave stated that anyone interested can pull their camper and enjoy the grounds that week end.

### 3. Tee Shirts, hoodies, and Hats

Mandy Brandonisio stated that she knows a person from her work who can get tee shirts, hoodies and hats for a reasonable cost to sell to promote the club. Terry Coleman stated that she has a contact also. When ordering shirts we need to be sure to order some big sizes, they are the most popular.

### 4. American Range LLC

Dave Foster informed the Board that he is interested in American Range LLC for mining the lead out of the berms. The last time it was done was the late 80's early 90's. The company will most of the lead to pay for the mining of the berms and the Club will get a certain percentage. It would be possible to make some money for a project that is needed to be done. Remediating the lead will be a positive move for the environment and a positive image for the Club.
